Application No. 09/911,610

Filed: July 25, 2001

For: MULTIVALENT TARGET BINDING PROTEIN

Confirmation No. 3464

Group Art Unit: 1643

Examiner: S. Rawlings

AMENDMENT AND RESPONSE TO NOTICE TO COMPLY

Commissioner of Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants respond herewith to the Notice to Comply mailed September 29, 2005, in the above-referenced application. Applicant hereby requests a three month extension of time for responding to the Notice to Comply, thereby extending the date for response to January 29, 2006. Applicants believe the appropriate filing fee is being submitted herewith, however, the Commissioner is hereby authorized to charge any additional fees which may be required for filing this paper, or refund any overpayment, to Deposit Account No. 08-1641.

The Notice states that the application fails to comply with 37 CFR 1.821-825 due to an entry of an amendment by Applicants on August 11, 2005 adding new claim 45 that the Examiner asserts is not described in the Sequence Listing. The sequence recited in claim 45 is the first five amino acids of SEQ ID NO:2 and claim 45 is amended herein to reflect that fact.
